INVESTMENT SUITABILITY

This solution is suitable for long-term investors seeking equity-driven growth with a time horizon of 10 years or more. It is appropriate for investors who want Reg-28 compliance but still want meaningful offshore exposure through locally listed rand-hedge shares. Given the high growth asset allocation, investors should be comfortable with market volatility and willing to tolerate short-term fluctuations in pursuit of long-term real returns.

INDUSTRY ALLOCATION

LONG-TERM GROWTH*

*The Portfolio return is derived from the monthly houseview static weighting returns prior to launch of the portfolio and on returns of the model portfolio from inception date onwards. These returns include a 1% p.a. fee ex VAT. Returns greater than a year have been annualised. **Market is the MSCI World TR index USD.
